

Book Club Kits – Title & Author

Selection Guidelines

Each book club should select twelve (12) priority titles and six (6) back-up titles.

- Please limit the selection of new book kits to a maximum of three (3) only. This will allow each book club the opportunity to read at least one (1) new book kit.
- All clubs are welcome to read titles that are not part of City of Parramatta Libraries book club kits. However, please note we are unable to guarantee sourcing ten (10) copies. It has become increasingly difficult in recent years, to source multiple copies from our general collection and those of other NSW Public Libraries.
- For those clubs who wish to read a title that is not part of our book club kits please avoid choosing:
 - a. recently released titles (published within the last two (2) years)
 - b. older obscure publications

Updated June 2024
